_____

SKILLS

- **Object Oriented Programming:** Java, C++
- **Front-End Web Development:** HTML, CSS, JavaScript, Bootstrap, React
- **Character:** exceptional work ethic, strong initiative, highly organized, very well-spoken

PROJECTS

Personal Website
- Designed and programmed a responsive portfolio website using HTML, CSS, JavaScript and the NetBeans IDE.
- Accessed the DOM API in order to generate attractive slideshows for project gallery.
- Implemented CSS Grid and Flexbox to create neat, user-friendly pages.

Week Planner Web Application
- Developed a responsive web application using HTML, CSS, and JavaScript that enables students to manage their time by scheduling events for the week in a week-long calendar.
- Utilized the DOM API to design and display the client-side validated form which allows the creation of new events.
- Applied the Web Storage API to store and retrieve the users' event data locally in order to retain and display event information even after closing the browser.

Java Connect 4
- Programmed a multiplayer CLI-based connect 4 in Java with a GUI built using Java AWT and Swing.
- Designed and colored the GUI game board using Swing paint and player-defined 'token' objects.

WORK EXPERIENCE

Cashier, Store Retailer | Dollarama | May 2020-September 2020
- Efficiently operated cash register by making accurate change, facilitating item exchanges, and requesting backup when necessary.
- Organized store merchandise into categories by aisle and effectively stocked shelves.
- Greeted customers and enforced COVID19-related health precautions in a polite and professional manner.

Sports Sales Associate | National Sports | April 2019-November 2019
- Assisted customers in finding sport-specific gear and explained the functions of various equipment.
- Received calls from branch locations and put requested items on hold for customers.
- Successfully handled product returns, stocked clearance section, and operated fitting rooms.

AWARDS AND QUALIFICATIONS

- Certified assistant lifeguard after receiving the Bronze Cross award from the Royal Life Saving Society.
- Received Standard First Aid and CPR-C certifications from Canadian Red Cross.
- Self-taught professional working level Spanish.
